They have one thing in common: well-earned arrogance. Justin Cocker has political aspirations but no marital ones — it's not tying the knot, it's tying the noose. Besides, he's about to run for Senator of Georgia, the youngest the state has seen since the early 1800's, and he cares about nothing else. But when life throws two female obstacles at Justin, he must ask himself,

I Am Meha

I freaking love this series! Go Now Get It!

June 29, 2017

I just finished Cocky Soldier (I have read them all) and I am glad there are books on their children or I would be a hot mess right now. I would have to move on with my life eventually. I started out of order with Gabriel's book. I read it in 6 hours and I was blown away and had to read the entire series. I just want to say that I LOVE this family and would love to be a part of this family. I would love to meet a guy just as awesome as a Cocker brother. Each one had me feeling different kinds of feels. Jett's book gave me the same kind of feels I get from watching The Walking Dead. I probably got grey hairs from his book. Those who are reading them now, you are in for a fun ride. Stop reading this and get it. Go now!

This should be Cocky enough for you.

July 22, 2017

I have read every single one of these books. I can't get enough of them. When I need something to read to take my mind off the crazy day's I endure these are the book I go to. I can fall into any of these books and forget about the day. They have such a fierce, loving, and definitely overprotective family but in the end they love each other and want what is best. If you want a book series to keep you entertained and to grow for a while this is the family and book series you should go for.

This series is filled with happiness, sadness

June 22, 2017

This is an incredible series to read! The 6 books follows the lives of each Cocker brother and the ladies that have ensnared them. Each of them have a completely different and special story of their own. Then we get a special Christmas story that follows a character from book 2. The rest of the books then gives you a chance to meet the kids of the Cocker Brothers years later. This series is filled with happiness, sadness, and very sexy passion.

This is a tragedy.

It's a tragedy Hopkins calls herself an author. Read books by Fettucine Holliday for a real author and a lot of laughs.

Julie may

a must read, they will leave you reeved up and waiting for more

June 29, 2017

I've been a huge fan of Faleena's for a couple of years now, started with werewolves of New York and Chicago, and now the Cockers family, and normally after an author writes so many books about one series they'd start to repeat or blend in, to where it would start to get boring and I'd lose interest, this is so not the case with Faleena, each book is new and awesome, each character makes you feel like you're in the story with them, I have laughed and cried, I've wanted to slap some of them for there cockiness, but I love the rollercoaster ride they take me on, and I so can't wait till the next one comes out.
